

# HELLA WIPER BLADES

## Better Visibility, Safer Drive

*As a leading partner of top vehicle manufacturers, HELLA is committed on innovation quality products to make the roads safer for drivers. HELLA offers a wide range of wiper blades with high market coverage for Asian and European vehicles. Experience the clear difference with HELLA wiper blades for better vision and a safer drive.*

*HELLA wiper blades are specially formulated using top quality nano technology graphite coated rubber. Graphite is highly valued for its lubricating properties, achieving minimal friction from the contact areas between the wiping edge of the blade and the windscreen. This means a smoother operation and longer-lasting performance.*

### PREMIUM WIPER BLADE

- Nano technology graphite-coated rubber for smooth and quiet operation
- Contact points with even downward pressure for a clean wipe
- Wear-resistant edge gives perfect results upto the time of replacement

### CURVO WIPER BLADE

- Low profile and ultra fat integrated spoiler offers enhanced aerodynamics for a smoother wipe
- Optimal downward air-flow pressure provides better contact and prevents windlifts at high speeds

### EUROPEAN WIPER BLADE

- Nano technology graphite coated rubber blade provides smooth and quite operation with clear visibility
- Pre-Installed with the adapter with more than 95% vehicle applications.
- Environment friendly and lead free.
- Suitable for all weather conditions.
- Aerodynamical design for smooth and quiet operation.
